ADABALA BHAVITHA VENI

B.Tech Information Technology Student | Aspiring IT Professional

+91 7382764864 | adabalabhavitha@gmail.com
LinkedIn | GitHub

PROFILE

Information Technology undergraduate interested in technology, practical projects, problem-solving, and continuous learning. Familiar with Python, Java, C, HTML, CSS, SQL/MySQL, JSP, JDBC, and basic Flutter/Dart. Creative, responsible, patient, and currently building strong technical fundamentals for an entry-level IT career.

EDUCATION

B.Tech **Information Technology** Sasi Institute of Technology & Engineering 2024–2028
Academic Performance: First Year: 9.5 CGPA | Second Year: 8.6 CGPA
Intermediate (MPC): Sasi Junior College, Palakollu 2022–2024
Percentage: 92.5%
SSC: Z.P.H. High School, Polavaram 2021–2022
GPA: 89.2%

TECHNICAL SKILLS

- **Programming:** Python, Java (Basic), C (Basic)
- **Web:** HTML, CSS, JSP
- **Database:** SQL, MySQL, JDBC, XAMPP
- **Mobile:** Flutter, Dart – Learning
- **Other:** Problem-solving, analytical thinking, teamwork, communication, self-learning

PROJECTS

Attendance Management System *[Team Academic Project | JSP, JDBC, MySQL, XAMPP]* *Completed*

- Developed an academic web application supporting faculty and student login, student information, department, course, regulation, and attendance management.
- Worked with JSP pages and MySQL database integration using JDBC.
- Gained practical exposure to role-based features and database-driven web application development.

BMI Calculator *[Individual Learning Exercise | Flutter]* *Learning Project*

- Used a simple BMI calculator as an introduction to Flutter and Dart.
- Currently learning widgets, input handling, application structure, and mobile UI development.

CODING PRACTICE & ACHIEVEMENTS

- Solved **500 problems on CodeChef** and completed its Learn C Programming lessons, projects, and practice problems.
- Currently practicing LeetCode problems, initially focusing on arrays and building a foundation in Data Structures and Algorithms.
- Achieved **9.5 CGPA** in the first year of B.Tech.

HACKATHON & ACTIVITIES

- Participated in a team hackathon focused on reducing faculty workload during paper correction through a technology-based concept.
- Interested in practical problem-solving, creative design, and useful application development.

STRENGTHS & INTERESTS

Strengths: Creative thinking, patience, responsibility, willingness to learn, helpfulness, self-learning, and organized work.
Interests: Python programming, Java, web development, databases, UI/UX design, mobile app development, problem-solving, drawing, and exploring technology.
